Rocky Mountain Tribal
Epidemiology Center

Strategic Plan
2007—2011

222 North 32nd
Suite 401
Billings, Montana 59101

Mission

To empower American Indian Tribes in Montana and Wyoming in the development of Public Health services and systems and epidemiological data in order for Tribes to have resources and express their authority in response to Public Health

Our Values

- Encourage and Nurture
- Intellectual Curiosity
- High Quality Work
- Honest and Open Communication
- Integrity
- Respect and Trust
- Service with Humanity
- Unity of Purpose

Goals .

1. Strengthen individual Tribes' public Health Infrastructure and capacity
2. Improve surveillance data for health conditions and Diseases
3. Provide data and technical assistance to support health promotion, disease prevention (HP/DP) objectives and behavioral health strategies
4. Develop Tribal/Urban Indian community health profiles and Tribal specific data collection

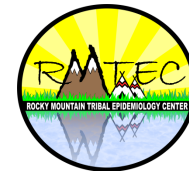

* Healthy People 2010

Objectives

For each of RMTEC's goals and RMTEC projects tailored to each goal, The essential public health services are the objective of each goal

Essential Public Health Services

1. Monitor health status to identify community health problems
2. Diagnose and investigate health problems and health hazards in the community
3. Inform, educate, and empower people about health issues
4. Mobilize community partnerships to identify and solve health problems
5. Develop policies and plans that support individual and community health efforts
6. Enforce laws and regulations that protect health and ensure safety
7. Link people to needed personal health services and assure the provision of health care when otherwise unavailable
8. Assure a competent public and personal health care workforce
9. Evaluate effectiveness, accessibility and quality of personal and population-based health services
10. Research for new insights and innovative solutions to health problems

Vision

We contribute to Healthy Tribal communities through the lasting collaborative partnerships

We Believe

We believe in the sovereignty of Tribal Nations
 We believe our purpose is to serve the Tribe in the area of Public Health
 We believe in deferring to Tribal Public Health priorities in the development of all projects
 We believe in open and honest communication that foster an Environment of Respect and Trust
 We believe in encouraging an environment that nurtures Ideas, Beliefs , perspectives and cultures
